Stack's Bowers Galleries presents the November 2021 Official U.S. Currency Auction for the Whitman Coin & Collectibles Expo

Hello friends,

Welcome to our Stack's Bowers Galleries Official Currency Auction of the Whitman Coin & Collectibles Winter Expo. It is almost impossible to believe that 2021 is nearly over. Our staff will be in full force in Baltimore, Maryland for the Whitman Expo, and we will be offering four full days of lot viewing there for this sale. We are excited to be hosting the auction at Griffin Studios, our brand-new, state of the art auction facility in our Costa Mesa headquarters. As we move closer to normalcy, we are excited to see many of our clients and dealer friends. Please make sure to stop by and say hello!

As you peruse the pages of this catalog you will find offerings from Part I of the "Gnat" Laguna Coast Registry & Rarity Collection. This collection features the best collection of San Francisco District small size notes ever formed. In addition to the many unique and rare San Francisco pieces in this collection, it also features an unprecedented number of Top Pop notes. PMG bestowed its coveted *Best US Set 2020* award for the San Francisco \$5 Feds in this collection. Among the highlights is a Fr. 1954-F 1928D \$5 Federal Reserve from Atlanta graded Choice Uncirculated 64 EPQ by PMG

and a unique Fr. 1957-Lm* 1934A \$5 Federal Reserve Mule Star Note from San Francisco graded Extremely Fine 40 by PMG.

Other fascinating notes in this catalog span from High Denomination notes to large size type rarities. The main highlight of the sale is a Fr. 374. 1890 \$20 Treasury Note. PMG Superb Gem Uncirculated 67 EPQ. This note sits atop the PMG population report and has never been offered at public auction until now. Another notable piece is a newly discovered Fr. 1132-I 1918 \$500 Federal Reserve Note from Minneapolis, graded About Uncirculated 50 by PCGS Banknote. Up until now, just one 1918 \$500 was available to collectors from the Minneapolis district, with that note last trading hands at public auction in 2005 for an astounding \$126,500!

We hope you enjoy browsing the catalog and we look forward to our auction event in Costa Mesa!

Enjoy the paper!

Lot of (3). NJ-100, NJ-132 & NJ-151. New Jersey. 1756-62. 6 Pounds. PCGS Currency & PMG Grades. A trio of incredibly scarce Six Pound notes from three early New Jersey series. All printed by James Parker of Woodbridge, NJ. Red and black text. New Jersey coat of arms at left. The June 22, 1756 note shows with the green back which is only seen for this denomination, and is in a Fine 12 grade. Seen with a meager printing of 625 notes. PCGS Currency cites "Edge splits, minor stains." The April 10, 1759 note is housed in a comment-free PMG VF 20 holder. With a printing of 1,834 this is no doubt one of the nicest. The April 8, 1762 note is nearly Extremely Fine and has earned the PPQ designation and is in a VF 35 grade. Only 1,219 were issued for this issue and denomination. It bears repeating that this is a superior quality group of high-denomination notes that have been blessed with excellent eye appeal. Our estimate will likely prove very conservative once the hammer falls this evening.

Partial Uncut Sheet of (6) Tickets. Paterson, New Jersey. Paterson Lottery of the Society for Establishing Useful Manufactures. Ca. 1797. Extremely Fine. No's. 6498-6503. Printed on laid paper by J. Woods. Signed by J.B. Rea. 118mm x 41mm. A nearly complete uncut strip, the top note is cut off, while the third note is split at left along a fold, with an angular tear from right margin into its right side. An interesting piece, missing only the bottom note with plate letter "K," as the plate letters on a complete 7-subject sheet would have spelled NEW YORK from top to bottom. A complete strip was offered as lot 5537 in R.M. Smythe's March/April 1993 auction of lottery tickets from the James DuPont collection, the only other similar strip we have noted. The Society of Useful Manufacturers was the brainchild of Secretary of the Treasury Alexander Hamilton and was established in 1791 as a public-private partnership to promote development along the Passaic River in northern New Jersey. The goal was to harness the river's Great Falls to power mills in the surrounding environs, an area that was chartered as the City of Paterson. The Society was successful in promoting the industrialization of Paterson, which over the years was centered on cotton, then steel, then silk before industry there faded in the 20th century.

Lovely Gem Rainbow Ace

20020

Fr. 18. 1869 \$1 Legal Tender Note. PMG Gem Uncirculated 66 EPQ. Notes from this series are popularly referred to as "Rainbow Notes", due to the vivid blue, green and red inks found. The 1869 series is among the most desirable of all American federal currency, and it is easy to see why. The \$1 offered here portrays George Washington within an oval frame at center. The portrait was engraved by Alfred Sealey and was based on the famous painting by Gilbert Stuart. At left is the vignette Columbus in Sight of Land as engraved by Joseph P. Ourdan. Brilliant green and blue undertint permeates through the third party holder, giving exceptional appeal to this flashy Gem Ace. The serial numbers stand out in bold dark red ink. This type features the engraved signatures of Treasury officials

Allison and Spinner at the bottom left and right respectively. The back is intricately printed in green with the imprint of the National Banking Company at bottom center. Legal Tender and anti-counterfeiting clauses are found in a panel at right. Excellent lathe work is showcased on the back in geometric shapes offering art-like appeal from a by-gone era. This example offers all the appeal collectors dream of. Large margins are found along with crisp & pack fresh paper. Just a single note is found in a higher grade according to PMG's population report, and the presently offered piece is about as nice a note as one could hope to obtain. PMG Pop 13/1 Finer.

Fantastic Gem Civil War Era Deuce

20021

Fr. 41. 1862 \$2 Legal Tender Note. PMG Gem Uncirculated 65 EPQ. Out of a whopping 567 notes graded for the Friedberg number, this note sits towards the top of PMG's Population Report. This example of the first federally issued \$2 design type presents exceptional quality, essentially as nice as the day it was printed. The inks are sharp on this Deuce, with the dark forest green underprint and ruby red overprints standing out with fantastic appeal. This note hails from the, derogatory at the time of issuance, Greenback series launched in 1862. The engraving was done by NBNC, however ABNC and NBNC shared in the printing duties. Interestingly, Chittenden and Spinners signatures were printed with a separate plate in special ink.

At left of center is a large portrait of Alexander Hamilton, which was engraved by Joseph P. Ourdan. Similar to the Ace from the

series, the 1-2-3 design is found below the treasury seal. The treasury seal was interestingly applied by the National Currency Bureau in Washington. The back is printed in green and has the denomination and redemption information. The last is the so-called Second Obligation: "This note is a Legal Tender for all debts public and private, except for duties on imports and interest on the public debt, and is receivable in payment of all loans made to the United States." A great opportunity for the type collector looking to upgrade or add this Gem to their elite level collection. Seldom do high end examples of this type become available to collectors, so we expect to see spirited bidding on this lot. PMG Pop 4/3 Finer.

Gorgeous 1863 \$10 Legal

20028

Fr. 95b. 1863 \$10 Legal Tender Note. PMG Choice Uncirculated 64. A wonderful Choice Uncirculated example of this Civil War era \$10 Legal. This examples offers attractive margins and bright paper. The bold hunter green underprint shows well in excellent detail, along with dark cherry red serials and treasury seal. At left is a large portrait of Abraham Lincoln, which was engraved by Charles Burt from a photograph taken by C.S. German. At the top is a vignette of an American eagle created by Toppan, Carpenter and Company for use on state bank notes, which was passed to ABNC during a merger in 1858. To the right is the "Art of Painting"; an allegorical woman with palette and drawing board in hand.

The reverse of the note displays intricate lathe work as typically found in the Civil War era United States. Heavy geometric designs are noticed, with the Legal Tender clause at center. The clause for the 1863 notes reads "This note is a Legal Tender for all debts public and private, except for duties on imports and interest on the public debt, and is receivable in payment of all loans made to the United States." At left and right are two oversized "X" counters. Notes from the "Greenback" series were heavily dogged by the public when issued, due to the more favorable use of gold & silver coin. Excellent appeal, and worthy of a premium bid.

Stunning Superb Gem \$10 Rainbow Note

20029

Fr. 96. 1869 \$10 Legal Tender Note. PMG Superb Gem Uncirculated 67 EPQ. Here is a stunning example of this colorful and popular design type. These 1869 Legal Tender Notes are commonly referred to as "Rainbow" notes due to the presence of green and red overprints inks that when combined with the blue tinted security paper provide a colorful appearance. The crisp broadly margined example here certainly supports the nickname as the rich hues of green, red and blue are impressive. The engraved design elements are boldly inked and strikingly detailed. Just three examples have been encapsulated by PMG at this lofty grading tier, with none graded finer.

Each denomination from the Series of 1869 is represented by just a single catalog number, Fr. 69 for the \$10 denomination. The portrait of Daniel Webster, engraved by Alfred Sealey, is at left, while at right is the vignette titled Introduction of the Old World to the New, or Pocahontas Presented at Court. At bottom center is an eagle perched upon a shield and clutching an olive branch and arrows. When inverted the eagle resembles a donkey lending to the popular "Jackass" nickname by which these notes are commonly known. The same design was used on the top of Fractional Currency Shields. This particular rendition of the national bird was continued on Legal Tender Notes through and

including the Series of 1880. The signers for this series are John Allison as register of the Treasury and F.(rancis) E. Spinner as treasurer of the United States.

This type comes on blue tinted security paper based on Wilcox's 1866 patent. A large red spiked Treasury Seal is to the right of center. A green protector tint is seen across the top of the note. The tint is made up of microlettered TENs in a repeating pattern. A green serial number panel is to the right of Webster's portrait. Red printed serial numbers are to the lower left and upper right. Engraved signatures of Allison and Spinner are seen along the bottom border of the design. The back is intricately laid out in a green geometric design with TEN at left and 10 at right. The Legal Tender clause and anti-counterfeiting language is at center. The imprint of the National Bank Note Company is at bottom center.

There were 8,376,000 \$10 Rainbow notes printed. Today fewer than 1,000 are believed to survive, most of which show significant circulation. This example is a significant offering to the collecting community, and an opportunity that should not be passed up for those looking to upgrade or acquire this elite-tier Superb Gem. to science and technology and fitting for the motif of the note. This note almost deserves to be framed and mounted on the wall as a work of art, bringing reminiscence to a time when banknotes of the era represented the Gilded Age, and engravers poured their hearts into designing such masterpieces. Gem Uncirculated Silver Dollar Back

20043

Fr. 262. 1886 \$5 Silver Certificate. PMG Gem Uncirculated 66 EPQ. One of the finer examples of this popular variety that we have handled in quite some time. One of the two signature combinations with the large red spiked treasury seal, this Rosecrans-Huston is far scarcer with a little over 100 reported in Track and Price's census for the type, compared to over 300 for the Rosecrans-Hyatt type. The vivid seal contrasts quite well with the fresh milky white paper. Well printed with an excellent impression of the face design. The reverse of the note displays exquisite detail of the design which immediately draws collectors

to this type: the five silver dollar coins lined up across the center, with the obverse of the Moran Silver Dollar at center, and the coin reverse is flanking at left and right of the central coin. Bold green ink tones highlight the intricate details of the back design, helping to accentuate the intricate lathe work. Large borders nicely frame this piece, offering art-like appeal. Gem 1891 Fr. 321 Manning Note

20049

Fr. 321. 1891 \$20 Silver Certificate. PMG Gem Uncirculated 66 EPQ. A top of the pop note with none graded finer by PMG, and a piece which will surely catch the eye of all seeking the finest known material available. The overprints are particularly rewarding to look at as the blue treasury seal and vibrant blue serials are deeply embossed into the frost like paper. Attractive centering and margins house the deeply impressed design and terrific registration of the face and back. Truly a scare

opportunity to secure this popular catalog number. These notes are particularly difficult to locate in any grade, and this Gem is sure to please. Allegorical figures representing Agriculture and Industry are found on the face flanking a solemn portrait of Secretary of the Treasury Daniel Manning, who had died in December 1887, which would have been just a recent memory when this series was first printed. Incredibly Scarce 1880 \$100 Silver Certificate

20051

Fr. 341. 1880 \$100 Silver Certificate. PMG Very Fine 30. An extremely scarce catalog number, with just 24 examples being reported in Track and Price's census, six of which are in government collections. At center is a large brown spiked treasury seal, whilst the right end displays intricate craftsmanship of the lathe work with a "100" counter below. At top right and bottom left are dark blue serial numbers. At left is a large portrait of the 5th President of the United States: James Monroe, who served from 1817 to 1825. Monroe served

in the Continental Army during the Revolutionary War, and interestingly after the war he studied law under Thomas Jefferson. Monroe is best remembered today for helping to negotiate the Louisiana Purchase, which nearly doubled the size of the newly founded United States. This type is surely missing from the most advanced large-size or Silver Certificate collections, and this is a bidding opportunity that might not come again for some time. PMG comments "Closed Pinholes."

Exceptional 1890 \$2 Treasury Note

None Graded Finer

20052

Fr. 355. 1890 \$2 Treasury Note. PMG Gem Uncirculated 66 EPQ. Just a little over 130 examples of this elusive Friedberg number are known to collectors, according to Track and Price's census. This Rosecrans-Nebeker signed deuce displays the coveted small red scalloped treasury seal. This plate B example offered here displays vivid cherry red overprints on fresh paper. PMG comments "Exceptional Embossing" on this lofty Ornate Back Deuce. The portrait of General James McPherson is prominently portrayed at right, whom was the second highest ranking Union officer killed during the Civil War. McPherson

was killed during the Battle of Atlanta, facing the army of John Bell Hood, his old West Point Classmate. McPherson unknowingly rode toward Confederate Skirmishers, thinking it was his old battle line, and instead of surrendering when given the chance, wheeled his horse around and was mortally wounded by a shot to the back. General Sherman openly wept when given the news about his fellow General's death. PMG Pop 3/none finer.

Fr. 358. 1891 \$2 Treasury Note. PMG About Uncirculated 53. The Two Dollar notes of both the 1890 and this 1891 series of Treasury Notes are quite difficult and often more challenging to locate in appealing grades than either the Five or \$10 notes. This example is offered in an attractive About Uncirculated grade, offering creamy white paper and jet black design details. At right is a portrait vignette of General McPherson whilst an ornate left end is noticed with multiple counters.

\$1,500-\$2,500

Rare Fr. 360 1890 \$5 Treasury

20054

Fr. 360. 1890 \$5 Treasury Note. PMG Very Fine 25 EPQ. A scant 19 notes are known to collectors for this Friedberg number, according to Track and Price's census. This note is found with a Rosecrans-Nebeker signature combination, and the all-important large brown spiked treasury seal. This example is a new & welcomed addition to the currency census, allowing any type collector that has been chomping at the bit to finally add this Friedberg number to their collection a chance to acquire this piece tonight. At the time of cataloging, PMG has graded just twelve examples of this rare type, with this example sitting towards the top of the population report. This example is seen with PMG's desired EPQ moniker, meaning "Exceptional Paper Quality." This \$5 retains fully original paper, which is a real treat for any collector looking to own an unmolested example. This appears to be the first time in our lengthy auction history we have had the pleasure of offering such a treasure, and we would not be shocked if our high estimate is met or exceeded.

At center is a large framed portrait of General George H. Thomas, otherwise known as the "Rock of Chickamauga." Unlike most Union generals Thomas was a southerner, born in Newsom's Depot, Virginia in 1816. His family owned slaves who worked their plantation-style farm, and as a young man

Thomas witnessed first-hand the violent slave rebellion led by Nat Turner. In 1836 Thomas was appointed to the United States Military Academy at West Point, where he was a close friend and roommate of William T. Sherman. After graduation Thomas served in an artillery company where he became close friends with future Confederate general Braxton Bragg. In 1851 Thomas returned to West Point as an instructor working closely under the school's superintendent Robert E. Lee. While an instructor at West Point, Thomas taught future Confederate generals J.E.B. Stuart and Fitzhugh Lee. In 1855 Thomas was made a Major in the 2nd Cavalry by Secretary of War Jefferson Davis. Many of the cavalry's officers were southerners and when the Civil War broke out in 1861, 19 of the 36 officers resigned, including superiors Albert Sidney Johnston and Robert E. Lee. Many southern-born officers struggled with loyalty to their home states and to the Union they served. Virginians especially resigned their United States Army commissions in support of defending their home state. Perhaps influenced by his northern-born wife, Thomas stayed with the Union Army. In response, Thomas' family back home, including his five siblings, completely disowned him and remained estranged from him for the rest of his life.

\$6,000-\$8,000

Gem 1890 \$5 Treasury Note

20055

Fr. 361. 1890 \$5 Treasury Note. PMG Gem Uncirculated 65 EPQ. Major General George H. Thomas is portrayed at center on this well preserved 1890 \$5 Treasury Note. This Rosecrans-Nebeker signed example comes from the plate D position of the sheet and displays appealing margins and dark red serial numbers. The cherry red scalloped Treasury Seal is brightly displayed to the lower right of the note.

All 1890 Treasury Notes have an ornately designed back print which involves all but the borders. These 1890 notes are commonly referred to as “Fancy Back” notes, and this \$5 Treasury Note easily attests to that nickname as it displays vivid detail, accomplished in striking green inks.

\$12,500-\$17,500

Lovely Superb Gem \$20 Treasury Note

20056

Fr. 374. 1890 \$20 Treasury Note. PMG Superb Gem Uncirculated 67 EPQ. Here is a wonderful Superb Gem \$20 Ornate Back \$20 Treasury Note. This variety features the engraved signatures of Treasury officials Rosecrans and Nebeker to the lower left and right of center respectively. While every other denomination in the Treasury Note series featured an instrumental Union military or political figure from the Civil War era, the \$20 displays the portrait of Chief Justice John Marshall at left. Marshall served briefly as U.S. secretary of state to President John Adams before becoming the 4th chief justice of the U.S. Supreme Court, a position he held for 34 years until his death in 1835. The red scalloped Treasury Seal is boldly featured at the right end of the note while sharply printed red serial numbers that begin with A and end with a solid red star are found to the lower left and upper right. The plate impression is sharply detailed and boldly inked. While the beautifully designed green printed "Ornate Backs" of the 1890

Treasury Notes are popular with collectors, they were not well received when they were in circulation. They were thought to be easy to counterfeit and the entire series was replaced by Series of 1891 notes with a more open back design, adopted to deter counterfeiting. Just two examples of this catalog number have been graded at this level by PMG, with none finer. Any collector looking to upgrade to this lofty Superb Gem should jump at this opportunity, as it may be some time before this treasure is offered at public auction again. This is one of the nicest examples of this catalog number we have had the pleasure of offering our bidders in our lengthy auction history. We sold a Gem Uncirculated 66 EPQ note from the D. Brent Pogue Collection in our March 2020 Auction, which realized 72,000. This presently offered piece should far eclipse that number given the condition and appeal. PMG Pop 2/None Finer.

FEDERAL RESERVE BANK NOTES

20057

Fr. 749. 1918 \$2 Federal Reserve Bank Note. Boston. PMG Choice Uncirculated 64 EPQ. Courtesy Autographs. Fancy Serial Number. Courtesy autographs of W. Willett and Charles A. Morss above their printed signatures. Nearly solid serial number of A9999998A. An important note on many levels that combines both grade, nearly fancy serial number and courtesy autographs. We sold the consecutive note to this example in our November 2020 Auction which bore a solid 9's serial number and realized \$21,600. This note would pair well with the aforementioned sold lot, and should excite any large size collector whom is looking for a high grade courtesy autographed Battleship without paying a premium for the solid serial number example.

\$4,000-\$6,000

20058

Fr. 750. 1918 \$2 Federal Reserve Bank Note. New York. PMG Gem Uncirculated 65 EPQ. Certainly one of the more popular large size types and always a strong hit with collectors when offered publicly in these Gem states of preservation. The reverse displays an intricate rendition of the New York Class Battleship, which at the time this note was printed was a state-of-the-art warship. This example displays crisp & pack fresh appeal, and is worthy of a premium bid.

Fr. 826. 1915 \$20 Federal Reserve Bank Note. Kansas City. PMG Very Fine 30. This scarce \$20 FRBN from the Kansas City district is found with the Teehee-Burke, Anderson-Miller signature combination. Exceedingly Rare 1915 \$20 Dallas FRBN

20062

Fr. 830. 1915 \$20 Federal Reserve Bank Note. Dallas. PMG Very Fine 25. A monster note from this excessively scarce variety. This Friedberg number displays the signature combination of Teehee - Burke - Talley - Van Zandt. Just 8,000 examples of this variety were reportedly printed, of which just four are recorded in Track and Price's census. President Grover Cleveland is found at left in great detail. This presently offered example is in an attractive Very Fine grade. Three of the four margins are seen offering plentiful paper. Dark blue overprints

stand out in vivid detail. The reverse of the note displays an intricate vignette of transportation of the era: a locomotive, automobile and early bi-plane are found at left, whilst a tugboat leading a passenger steamer past the Statue of Liberty is at right. PMG has encapsulated two of the examples of this Friedberg number, with this note sitting atop the population report. PMG Pop 1/None Finer.

20066

Fr. 1130. 1914 \$100 Federal Reserve Note. San Francisco. PMG Very Fine 30. A high denomination FRN from the San Francisco district. Right facing portrait of Benjamin Franklin at center. The reverse displays a quintet of allegorical figures.

\$1,000-\$1,500

Newly Discovered Minneapolis 1918 \$500

20067

Fr. 1132-I. 1918 \$500 Federal Reserve Note. Minneapolis. PCGS Banknote About Uncirculated 50. An astonishing new discovery we are proud to offer to the collecting community. Up until this point, just one 1918 \$500 was available to collectors from the Minneapolis district, with that note last trading hands at public auction in 2005 for an astounding \$126,500! The presently offered example is found in an About Uncirculated grade, much higher than the other known example. The margins are found offering plentiful paper on all four sides, whilst the primary design stands out in dark black detail. Bold blue serial numbers and the treasury seal pop through the third party holder. Depicted at center is Chief Justice John Marshall, who is often regarded as the most influential justices to ever sit on the Supreme Court. Marshall served as the 4th Secretary of State from 1800 to 1801, and the 4th Chief Justice from 1801 to 1835. Marshall served in the Continental Army during the Revolutionary War, and later passed the state bar and became a

lawyer in Virginia, ultimately favoring the passing of the United States Constitution, and ultimately played a major role in getting Virginia to ratify the Constitution.

The reverse of the note depicts an awe-inspiring depiction of De-Soto Discovering the Mississippi. This was originally painted by William Henry Powell, as commissioned by Congress, in 1855. Powell died in 1879, having lived to only see the Discovery of the Mississippi printed on the National Currency Original \$10's of the era, and sadly not this high denomination note. Hernando de Soto reached the Mississippi River on May 8th, 1541. After an unsuccessful escapade searching for gold and silver, de Soto later died on the banks of the Mississippi river on May 21st, 1542 from fever.

PCGS Banknote comments "Pinholes, Minor Ink Stains."

GOLD CERTIFICATES

20068

Fr. 1180. 1905 \$20 Gold Certificate. PMG Very Fine 20. One of the most popular Gold Certificates types, this Technicolor Twenty from the 1905 series is being offered in a Very Fine grade. One of the key notes to any large size or gold certificate collection. PMG comments "Minor Repairs."

\$3,000-\$5,000

20069

Fr. 1186. 1906 \$20 Gold Certificate. PCGS Banknote Gem Uncirculated 65 PPQ. A far more difficult 1906 dated note than the later issue of 1922 for this iconic \$20 Washington design. These large-size Gold Certificates are always at the front of collector lists as they simply a stunning to view. The gold overprinted color assures the bearer of the precious metal these notes were once backed by. Gem examples are generally scarce with any Gold Certificate design or denomination considered and this 1906 note shows all the technical quality one would expect for such a lofty grade.

\$5,000-\$7,000

Superb Gem 68PPQ 1922 \$20 Gold

20070

Fr. 1187m. 1922 \$20 Gold Certificate Mule Note. PCGS Banknote Superb Gem Uncirculated 68 PPQ. A near perfectly margined 1922 \$20 Gold Certificate that features brilliant gold overprint inks. The paper is bright which helps accentuate the jet black primary design. The back printing features the heraldic eagle from the reverse of the Great Seal of the United States at

center with large 20 counters at left and right. The back design retains pleasing originality of the dark orange colored ink. George Washington's portrait, found at center on the face, was engraved by Alfred Sealey. This is unequivocally the finest 1922 \$20 Gold Certificate we have ever offered.

\$20,000-\$30,000

20071

Fr. 1199. 1913 \$50 Gold Certificate. PMG Very Fine 30. An elusive 1913 Series Fifty, offered here in a Very Fine grade. The overprints remain attractive for the assigned grade. Fr. 1215. 1922 \$100 Gold Certificate. PMG Very Fine 30. An attractive Very Fine example of this 1922 \$100. At left is a portrait of "Old Bullion" Thomas Hart Benton, who was a senator from Missouri. It is a bit comical that he was depicted on paper money due to his staunch disapproval of soft (paper) money in favor of gold coin and bullion.

FRACTIONAL CURRENCY

20075

Fr. 1382. Fractional Currency Shield. Gray Background. Framed.

Fr. 1238. 5 Cents. Third Issue. PMG Uncirculated 62. You can easily count on one hand the number of Bristol Board proofs that exist of this type. They were printed directly on soft, thick cardstock, as opposed to many Obsolete proofs that are first printed on India paper before being mounted to cardstock. Printed under very heavy pressure in order to be able to print through embossing to the back. This exceptional piece first realized over \$3,000 in a 2007 sale.

\$1,250-\$1,750

20079

Fr. 1337. 50 Cents. Third Issue. PMG Choice Uncirculated 64 EPQ. A green back Spinner note with "1" on face and surcharges on back. This is a real sleeper variety which has always been heavily undervalued for years. Fr. 1338, which is the "a" on face variety of this subtype, would be worth around \$2,000 at this grade level. The scarcity of this Fr. 1337 is hardly different but usually brings a fraction of that price. One year ago we sold a PMG Choice Unc 63 EPQ for just over \$1,000.

Fr. 1952-Cdgs★. 1928B \$5 Federal Reserve Star Note. Philadelphia. PMG Choice Uncirculated 63 EPQ. Uncirculated Dark Green Seal Stars are exceedingly rare. Fr. 1952-Flgs★. 1928B \$5 Federal Reserve Star Note. Atlanta. PMG Choice Very Fine 35. PMG has only graded two Atlanta Light Green Seal Stars, and this is the finest of those two. 1928B Light Green Seal Stars constitute one of one of the real "stoppers" in a type set of \$5 Federal Reserve Notes. They are only known from four Districts. It is believed that examples from all other districts were destroyed during the change over to series 1934 and removal of Gold Redemption associated with the 1928 Series. Tonight, collectors will have the rare opportunity to bid on two different examples. PMG comments "Staining." PMG Pop 1/None Finer.

Finest Known Fr. 1952-L Star

20107

Fr. 1952-Ldgs★. 1928B \$5 Federal Reserve Star Note. San Francisco. PMG Choice Uncirculated 64 EPQ. This is the only known Uncirculated \$5 1928B San Francisco Dark Green Star available to collectors at the time of cataloging. This is a fully original and fresh example, that is only held back from a full

Gem grade by a slightly narrow right margin. In a collection full of the finest known and rare San Francisco notes, this note is one of the highlights. PMG Pop 1/None Finer.

Fr. 1952-Llgs. 1928B \$5 Federal Reserve Note. San Francisco. PMG Choice Uncirculated 64 EPQ. Light Green Seals are only known from three districts: Atlanta, St. Louis and San Francisco. The Atlanta and San Francisco districts are the key to this set, with the St. Louis being the “type” note. This is one of only three Uncirculated examples of the San Francisco to have been graded by PMG. This note is as fresh and bright as the day it left the printing press, with only a slightly narrow bottom margin keeping this note from a blazing Gem. PMG Pop 2/1 Finer.

Only Graded 1928B \$5 Star - San Francisco

20109

Fr. 1952-Llgs★. 1928B \$5 Federal Reserve Star Note. San Francisco. PMG Very Fine 30. Only one San Francisco Light Green Seal Star is known to the collecting fraternity for 1928B. It comes as no surprise that it should be found in the extensive “Gnat” collection. It has never been previously offered at public auction. 1928B \$5 Light Green Seal Stars are only known from four districts, and except for the Atlanta Star, each are unique. It

is no exaggeration to state that these stars are among the rarest small size notes, and only a handful of collections will ever have an opportunity to feature a single example. PMG Pop 1/No Others Graded.

\$4,000-\$6,000

From the Laguna Coast Collection Part 1.

20110

Fr. 1953-F. 1928C LGS \$5 Federal Reserve Note. Atlanta. PCGS Currency Choice About New 58 PPQ. A rare series date that is seldom seen with any grade when offered. The note presented here goes against that trend and is seen with only a hint of circulation. A dark impression of the Five Dollar Lincoln design is quite pleasing with great contrast to the white paper and light green overprints. The note is one of only three Federal Reserve Districts which printed notes with the 1928C series date and the Atlanta district is the only issuing branch with known notes. The print was an extremely light 2,056,200 notes and only the Atlanta district issued replacements of which none are known. A gorgeous example that has the look of a fully Uncirculated note.

Important 1928D Atlanta LGS

20111

Fr. 1954-F. 1928D \$5 Federal Reserve Note. Atlanta. PMG Choice Uncirculated 64 EPQ. One such rarity we are proud to offer is this Fr. 1954-F 1928D \$5 Federal Reserve Note from the Atlanta district graded Choice Uncirculated 64 EPQ by PMG. The 1928D is the key regular issue \$5 Federal Reserve Notes, and this is among the finest known. PMG has only graded three examples as Uncirculated, and this is the second finest of those

at the time of this blog. The bright white paper is offset by dark inks and bold lime green seal and serials. Only a slightly narrow right margin holds this beauty back from a full Gem grade. PMG Pop 1/1 Finer.

20112

Fr. 1955-G★. 1934 \$5 Federal Reserve Star Note. Chicago. PMG Choice Uncirculated 64 EPQ. A highly attractive replacement Five from the 1934 Series. This star boasts light green overprints on creamy white paper. Excellent eye appeal, and worthy of a premium bid. PMG Pop 4/2 Finer.

From the Laguna Coast Collection Part 1.

20113

Fr. 1955-L. 1934 \$5 Federal Reserve Note. San Francisco. PMG Superb Gem Uncirculated 67 EPQ. A wonderfully pack-fresh note with a blazing yellow-green seal, blast white paper and nearly perfect front and back centering. PMG has only graded two San Francisco \$5's as Superb Gem 67EPQ, with none higher. In fact, no \$5 LGS's from any district have graded higher. And, this small handful of notes are known from only three other Fed districts. If you are looking for a single Superb example for a type set, or you are building a world class district set, this is not an opportunity to be passed up. Expect significant competition to bring this note home, and our estimate could prove to be overly conservative. PMG Pop 2/None Finer.

20114

Fr. 1956-D637. 1934 \$5 Federal Reserve Note. Cleveland. PMG Very Fine 30. Late Finished Back Plate 637. While these notes feature micro front and back plate numbers and the dark blue-green seals common to the non-mules, the fronts and backs were actually printed during 1945 and 1946, well into the Mule period. These rare notes are the only Dark Green Seal Non-Mules to sport the darker green backs. These are by far the rarest of all the various 637 (late finished) back plate varieties. The history of the 637 (and 629) late finished backs is complex and way beyond what could be covered here. Simply put, exigencies of WWII and metal shortages meant the BEP put several older unfinished (or even "master" plates) into production. In this case, back plate 637 was put into production some 10 years after the plate was originally made and well after all other micro back plates were retired. All 1934 637 back FRN's are major rarities, with approximately 10 examples known for the four districts.

Fr. 1957-Lm★. 1934A \$5 Federal Reserve Mule Star Note. San Francisco. PMG Extremely Fine 40. Back plate 637. Unique and the only example known to collectors. Late finish back plate stars are the rarest of the rare. 20155

Fr. 2008-JN. 1934C \$10 Federal Reserve Note. Narrow. Kansas City. PMG Gem Uncirculated 65 EPQ. The only known Uncirculated example of this rare Narrow variety. Accord to Jim Hodgson and Peter Huntton, in December of 1947, the BEP undertook "a program to re-size the small size currency designs." The goal was to narrow the engraving designs to a standard size (using the \$1 Silver Certificate front as the "standard"). The narrower designs created greater space between the notes which resulted in fewer spoiled notes/sheets. For almost all notes, the change occurred between the 1934C and 1934D series - meaning that nearly all 1934C notes were "Wide" and nearly all 1934D notes were "Narrow." There were a very few exceptions, and of those, a small number of 1934C \$10 Kansas City "Narrow" plates (front plate numbers 86, 87, 88 and 89) were prepared and sent to the presses. This Gem note is a miracle of Survival. PMG Pop 1/None Finer.

Newly Discovered Crosby S/N 1 \$10

20247

Crosby, Minnesota. \$10 1902 Date Back. Fr. 619. The First NB. Charter #9838. PMG Very Fine 25. Serial Number 1. The First National Bank of Crosby was chartered in September of 1910, and issued \$921,830 during its operating tenure. The bank lasted through the Depression and issued until the end of National Banking in 1935. As of 1935, just \$1,360 in large size was left outstanding on the bank. Today, Track and Price reports only seven large size notes in their census for this charter. This note is a new addition to the census, and is the first Date Back to reported on the bank, and as a treat it proudly displays the always in demand Serial Number 1. This presently offered note

was thankfully spared redemption, and was most likely saved by a sentimental bank executive. The penned signatures are intriguing, with the Cashier's signature being neatly penned in dark brown ink, while the President's signature is observed in purple ink and dropped below the signature panel going into the border design. The margins are fully framed, and the design retains bold appeal for the assigned grade. New discoveries as important as this example only appear once in a blue moon, and spirited bidding is sure to be seen on this lot.

\$4,000-\$6,000

Nevada

Eureka! Serial Number 1 Type 1 \$5

A significant western offering and a charter which rarely is available at public auction. Track and Price's shows a total of 40 known examples with all being small size and nearly all being Type One notes with only two Type Two's present in the census. This "B000001A" example is

certainly one of the more sought-after notes from the bank, with a limited number of Serial Number 1's available from this Eureka County issuing bank. Once the bidding is over and the dust has settled, perhaps you will be shouting "Eureka!" at your newly acquired & hotly contested treasure.

Cherokee, Oklahoma was officially incorporated as a city in 1901, with the intentions of making the city as a stop for rail travel. \$800-\$1,200

20252

Chickasha, Indian Territory. \$20 1882 Brown Back. Fr. 504. The First NB. Charter #5431. PMG Very Fine 20. Track and Price's census reports just five territorials are known for this Grady County issuing bank. Territorials are always sought after by National collectors due to their inherent rarity. The First National Bank of Chickasha was chartered on June 16th, 1900 and would have issued Indian Territory notes until Oklahoma's statehood in 1907. The bank issued a whopping \$2,662,770 during its tenure, with \$12,720 outstanding in 1935. The bank almost made it through the end of the National Banking period, having been liquidated on May 16th, 1935. The dark maroon overprints remain attractive for the assigned condition. The signature are still visible, although the President's signature has faded more than the Cashiers.

\$3,000-\$5,000

Just seven notes have surfaced in Track and Price's census, three of which are Date Back \$50's. This example bears a low two-digit serial number of "53". PMG comments "Minor Repairs."

\$3,000-\$5,000

20262

Mexia, Texas. \$5 1882 Brown Back. Fr. 467. The First NB. Charter #3014. PMG About Uncirculated 50. At the time of cataloging, just three notes have surfaced to collectors from this Limestone County issuing bank, according to Track and Price's census. The First National Bank of Mexia was chartered in 1883, and was liquidated shortly after the end of the First World War on March 22nd, 1919. The bank issued just \$180,790 in currency, with \$11,900 reported out at close. \$6,000-\$8,000

20263

Nocona, Texas. \$10 1882. Fr. 577. The NB. Charter #5338. PMG About Uncirculated 53. This Montague County issued note displays appealing dark blue overprints on bright paper. The signatures remain legibly and are neatly penned. Texas Nationals are always sought after by collectors, and this example is sure to attract plenty of attention.

\$2,000-\$3,000

20264

Pharr, Texas. \$10 1929 Ty. 1. Fr. 1801-1. The First NB. Charter #10169. PMG About Uncirculated 55 EPQ. Serial Number 1. A note which combines the desirability of a serial number one piece and also the scarcity of a tough charter. The census information in Track and Price is a bit misleading as it shows three known sheets, although based on past auction history, they appear to have been cut up for the sum of their parts. We estimate roughly 20 to 25 known small-size with this serial number E000001A note certainly being among the most desirable.

\$1,500-\$2,500

20265

Port Lavaca, Texas. \$10 1882 Brown Back. Fr. 490. The First NB. Charter #5367. PMG Very Fine 20. Up until tonight's auction, just one \$10 Brown Back was available to collectors from this Calhoun County issuing bank. Today, a total of eight large notes are known to this elusive issuer, with that number now rising to nine. New discoveries are always welcome among the collecting community, especially Texas Nationals, due to the shortage of available notes compared to the demand for those looking to collect Nationals from the Lone Star state. The First National was chartered in May of 1900 and issued a scant \$78,000 in notes before liquidating in May of 1923. Just \$7,000 was outstanding when the bank closed. PMG comments "Previously Mounted."

\$800-\$1,200

20266

Shiner, Texas. \$5 1882 Brown Back. Fr. 477. The First NB. Charter #5628. PMG Gem Uncirculated 65 EPQ. The First National Bank of Shiner, Texas was chartered in November of 1900 and was the only bank to issue notes from this small Lavaca County town. It issued 1882 Brown Backs and Date Backs, 1902 Plain Backs, and Type 1 and 2 1929 Nationals, issuing notes all the way to the end of the National Currency era. This boldly printed and well margined \$5 Brown Back comes from a run of high grade examples from this bank which escaped circulation and provide collectors an excellent Texas National Currency type note with a great name. Any Texan worth his boots will remind you that Shiner is home to Shiner Bock beer, the unofficial state beer of Texas.

\$3,000-\$5,000

20267

Taylor, Texas. \$100 1929 Ty. 1. Fr. 1804-1. The First NB. Charter #3027. PMG Very Fine 30. Serial Number 3. Just 11 small size notes are reported to this title at the time of cataloging for this Williamson County issuing bank. This is the first title for the charter number. Track and Price reports five Type 1 \$100's in their census, with this example being a new & welcomed addition. This high denomination National bears the coveted low serial number of "B000003A." PMG comments "Pinholes."

\$1,000-\$1,500

20268

Tom Bean, Texas. \$10 1902. Fr. 632. The First NB. Charter #11019. PCGS Banknote Very Fine 30. Just four large size notes are reported to this elusive Texas issuer. The City of Tom Bean was named after Thomas Bean, a wealthy landowner who donated 50 acres of land for railroad use, which later became the City of Tom Bean in 1897. The city thrived in the early 20th century, with a grain company, furniture company, a drugstore, a newspaper, a saloon, a dance hall, and a movie theater taking residence in the city. The city later fell due to the reliance on automobiles for transport, and was no longer a major hub for the railroad, along with the decrease in demand for local Texas cotton. The population in Tom Bean in 1900 was 299 persons, and as of 2019 it is estimated that 1,081 people reside in the city. Scarce, and surely missing from most Texas collections. PCGS comments "Light Stains."

\$2,500-\$3,500

West Virginia

20269

Sistersville, West Virginia. \$10 1902 Plain Back. Fr. 632. Union National Bank. Charter #5028. PCGS Banknote Gem Uncirculated 65 PPQ. The second title for this Tyler County issuing bank, and a wonderful Gem example of this Plain Back Ten to boot. The paper is exceptionally bright and the paper crisp, with vivid design details found. The signatures are faded, and are just barely legible under close scrutiny. This example comes from a run of high grade notes, which were thankfully spared circulation and today now satisfy high grade National collectors desires.

Confederate Bond. Ball 13. Cr. 2A. Act of February 28th, 1861. \$100. Rarity 6+. No. 556. "Montgomery" has been crossed via pen, and the location has been changed to Richmond. This note has interestingly been signed by Ro.(bert) Tyler, although the majority were signed by either Jones or Clitherall. Scarce, with only around 500 of this type issued. The section on the reverse has been filled out, with a contemporary annotation noticed in the top margin. A few internal tears are noticed, along with toning. Tape is noticed on the reverse, which is most likely mounting remnants.

ARTWORK

Impressive Joined Four-Panel Danforth, Bald & Co. Advertising Sheet

20273

Danforth, Bald & Co., Philadelphia [and] New York. Four panels comprising a complete Advertising Sample Sheet. 1850s. Joined. Security Engraving History. India Paper Proof Impressions, backed on card. Each printed panel approximately 16x x 19 inches, on slightly larger cards. All have been joined together, Total dimensions of combined four panels 31" x 37". Total framed size 38" x 43"

A superb display of the banknote engraver's craft, loaded with intricate vignettes of widely varying themes, all arranged in an ornate design of gothic style framing around a large central urn. We are aware of only two other examples of this sheet. The sheet is heavily toned, but

appears overall damage free save for some restoration at top right. An outstanding artifact of 19th bank note engravers' art, from one of the leading firms prior to the foundation of American Bank Note Company in 1858. *Due to its nature and size, this lot will be available for viewing in our California office only, and the winning bidder will pay actual shipping cost. We encourage interested bidders to contact us for delivery options and cost.*

Magnificent Rawdon, Wright, Hatch and Edson Advertising Sheet

Impressive and Very Rare

20274

Rawdon, Wright, Hatch & Edson Bank Note Engravers, New York. Advertising Sample Sheet. 1850s. Choice Very Fine. Immense single plate impression, approximately 26" x 35". Printed on India Paper, likely mounted on card as was typical, though we have not seen this one out of the elegant modern but period-style wood and gilt frame. Total outside dimensions are 28" x 38". Some light staining is seen around the borders. Large tear at bottom measuring around 8 inches, and a large tear at top measures 4 inches. This is one of a very rare class of engravers' sample sheets, as the typically seen sheets are in much smaller format and thus were much less ambitious undertakings by the firms that made them. We are aware of five different large-format sheet designs. Two bear the titles of Danforth, Bald & Co., and Danforth Wright, & Co., respectively. These are essentially identical designs other than the title change, but were printed as four panels and then assembled. We are aware of two examples from each title variant, though some are unassembled. Another of this four-panel style was by Rawdon, Wright, Hatch and Edson, though we have never seen it in print and know it only from having seen one of the four steel panels used to print it

The present sheet is a magnificent composition and a fine showcase of the engraving firm's art. There are more than 200 individual engraved elements including portraits, historical scenes, coin vignettes and others, all elegantly arranged within and around a large urn-shaped cartouche. The urn is positioned atop a bank-note style advertising note bearing the titles of Rawdon, Wright, Hatch & Edson, and New England Bank Note Company. A large medallion portrait of George Washington, after the famed Houdon Bust, is the central design element and decorates the side of the urn's massive bowl. We are aware of five examples of this impressive sheet. We sold a nearly identical example in our August 2017 ANA auction for \$15,275. A superb display piece.

Due to its nature and size, this lot will be available for viewing in our California office only, and the winning bidder will pay actual shipping cost. We encourage interested bidders to contact us for delivery options and cost.

Terms & Conditions – Showcase and Collectors Choice Auctions

1. Auction Basics. This is a public auction sale ("Auction Sale") conducted by bonded auctioneers, Stack's Bowers Galleries or Stack's Bowers and Ponterio (hereinafter referred to as "Auctioneer" and at times as "Stack's Bowers"). Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack's Bowers ("Consignor" or "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer's Premium charged to all other Buyers. Stack's Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack's Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Stack's Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack's Bowers and its affiliates may bid for their own account at any auction. Stack's Bowers and its affiliates may have information about any lot that is not known publicly, and Stack's Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack's Bowers and its affiliates are not required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve ("Reserve"). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack's Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins and currency in this Auction has been determined by independent grading services, and those that are not may be graded by Stack's Bowers. Grading of rare coins and currency is subjective and, even though grading has a material effect on the value of the coins and currency, grading may differ among independent grading services and among numismatists. Stack's Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack's Bowers and lot descriptions are based solely upon an examination of the coins and currency and are intended to identify coins and currency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack's Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Non-conforming bids will be rounded down to the nearest half or full increment and this rounded bid will be the bidder's high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence

over an identical floor bid; a Floor Bidder, Telephone Bidder and Live Internet Bidder must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than \$500 and each bidder may only execute one cut bid per lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale ("Telephone Bidders" and "Live Internet Bidders"). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack's Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions, will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK'S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack's Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the OFAC list are not eligible to bid.

5. Buyer's Premiums. A premium of twenty percent (20%) based upon the total amount of the hammer (minimum of \$20), will be added to all purchases of individual lots, regardless of affiliation with any group or organization (the "Buyer's Premium"). A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium.

6. Payment. Payment is due immediately upon the fall of the auctioneer's hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the "Default Date"), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in U.S. Dollars or Hong Kong Dollars. All invoices will be made in United States Dollars. If paying in Hong Kong Dollars, Buyer's invoices will be credited with the amount of U.S. Dollars received from Auctioneer's bank. Payments may be made by credit card, Paypal, Union Pay, check, wire transfer, money order and cashier's check. Cash transactions will be accepted in the sole discretion of Stack's Bowers, and if accepted, for any cash transaction or series of transactions exceeding \$10,000, a Treasury Form 8300 will be filed. Contact Stack's Bowers for wiring instructions before sending a wire. Bank wires sent from a foreign bank are subject to an international bank wire fee of \$35. We accept payment by Visa, MasterCard, American Express, Discover or Paypal for invoices up to \$2,500, with a maximum of \$10,000 in any 30 day period. All payments are subject to a clearing period. Checks drawn on U.S. banks will be subject to up to a 10 business day hold, and checks drawn on foreign banks will be subject to a 30 day hold. Stack's Bowers reserves the right not to release lots for which good funds have not yet been received. On any past due accounts, Stack's Bowers reserves the right, without notice, to extend credit and impose carrying

charges (as described below). Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Any invoice not paid by the Default Date will bear a five percent (5%) late fee on the invoice amount. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stack's Bowers. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally jointly and severally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

7. **Sales Tax.** Buyers will be charged all applicable sales tax unless a valid Resale Certificate has been provided to the Auctioneer prior to the auction. Should state sales tax become applicable in the delivery state prior to delivery of the property on the invoice, the Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not charged or collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless acknowledges responsibility to pay such sales tax and remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority and agrees to indemnify and hold Auctioneer harmless from any applicable sales tax, interest or penalties due. Lots from different Auctions may not be aggregated for sales tax purposes.

8. **Financial Responsibility.** In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, seller's fees, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount

until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. **Shipping.** It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Stack's Bowers, in its sole discretion, may not ship to select countries. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of \$10). For any lots delivered outside the country where the auction is hosted, the declaration value shall be the item(s) hammer price plus its buyer's premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. Buyer shall be responsible for paying all applicable taxes, duties and customs charges for all lots delivered outside the country where the auction is hosted. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

10. **DISCLAIMER AND WARRANTIES.** NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AND PROVENANCE OF A LOT.

a. COINS AND CURRENCY LISTED IN THIS CATALOG AS GRADED AND ENCAPSULATED BY PCGS, NGC, ANACS, ICG, PCGS CURRENCY, PMG, PCGS BANKNOTE GRADING, CMC OR ANY OTHER THIRD PARTY GRADING SERVICE ARE SOLD "AS-IS" EXCEPT AS EXPRESSLY SET FORTH HEREIN AND MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER BY ANY BUYER. ALL THIRD PARTY GRADING SERVICE GUARANTEES, INCLUDING AUTHENTICITY, ARE THE SOLE RESPONSIBILITY OF THE THIRD PARTY GRADING SERVICE AND NOT WARRANTIES OR GUARANTEES OF THE AUCTIONEER. BUYERS SHOULD CONTACT THESE THIRD PARTY GRADING SERVICES DIRECTLY WITH RESPECT TO ANY CLAIMS OR QUESTIONS THEY MAY HAVE CONCERNING THEIR GUARANTEES AND WARRANTIES. BUYERS ACKNOWLEDGE AND AGREE THAT AUCTIONEER IS NOT BOUND BY OR LIABLE FOR ANY OPINION OR CERTIFICATION BY ANY THIRD PARTY GRADING SERVICE.

b. In the case of non-certified coins and currency that have neither been examined by the Buyer prior to the Auction Sale, nor purchased by the Buyer or Buyer's agent at the

Terms & Conditions – Showcase and Collectors Choice Auctions (cont.)

Auction Sale, if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin or currency, such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence. Non-certified coins and currency that have been either examined by the Buyer prior to the Auction Sale or purchased by the Buyer or Buyer's agent at the Auction Sale, will not be granted return privileges, except for authenticity.

c. All non-certified coins and currency are guaranteed to be genuine.

d. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

e. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges.

f. Grading or condition of rare coins and currency may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

g. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

h. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

i. Stack's Bowers is acting as an auctioneer. Title to the lots purchased passes directly from the Consignor to the Buyer. Accordingly, Stack's Bowers is not making, and disclaims, any warranty of title.

j. Bidders shall have no recourse against the Consignor for any reason whatsoever.

k. Bidder acknowledges that the numismatic market is speculative, unregulated and volatile, and that coin prices may rise or fall over time. Stack's Bowers does not guarantee or represent that any customer buying for investment purposes will be able to sell for a profit in the future.

l. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be uninterrupted or error free and accordingly shall not be liable for such events.

11. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, officers, directors, shareholders, agents, subsidiaries, employees, managers and members and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, tort or otherwise, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER

FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY."

12. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the commercial arbitration rules of the American Arbitration Association, with any arbitration hearing to occur in Orange County, California. Absent an agreement of the parties, the arbitrator shall limit discovery to that which is necessary to enable the hearing to proceed efficiently. The arbitrator shall not have the power to award punitive or consequential damages, nor alter, amend or modify any of the terms of this Agreement. The award by the arbitrator, if any, may be entered in any court having jurisdiction thereof. Each party shall pay one-half the costs of the arbitration. Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive in personam jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Orange County, California; and any court proceeding shall be in the Orange County Superior Court, in the State of California, and in each case waive any claim of Forum Non Conveniens. Bidder agrees that any arbitration or legal action with respect to this Auction Sale is barred unless commenced within one (1) year of the date of this Auction Sale. AUCTION PARTICIPANTS EXPRESSLY WAIVE ANY RIGHT TO TRIAL BY JURY.

13. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction Sale. These Terms of Sale and the information on the Stack's Bowers' website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stack's Bowers may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

14. Chinese Translation. The Chinese translations are provided as a matter of convenience. In the event of a conflict, all English Terms and Conditions and lot descriptions take precedence and are binding.

Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.

Please note: Transparent holders in which the auction lots are stored are to facilitate viewing and inspection of the lots and ARE NOT for long-term storage.
